It may only be a litter bin, but you want it to have visual appeal in your street or parkscape, and you want it to attract attention so people will use it.

Here are some examples of one-off and modified stock litter bins that we have produced to order for outdoor use.

Some standard Civic Bins with special custom finishing.

The bin at left has corporate branding and incorporates ash disposal in the top.

The unit at right is made to fit and hide wheelie bins used for public litter disposal.
