

CUSTOMISED TROUGH

The "Hole Planter" and other examples above are variations on our stock zinc-coated sheet steel plant containers that illustrate our versatility in meeting individual customer requirements. We can assist you with ideas and design suggestions for individualised planters that exactly meet your interior landscape needs.

Our flexible production methods provide scope for a huge range of sizes, shapes and tray/mulch-plate options. All our customized steel planters have silicone-sealed joints. They can be waterproofed with a tanking membrane and powder coated to your colour of choice, as required.

A wide range of colours available. Contact us for colour and finish options.

5 Year Manufacturers Warranty covers against manufacturing defect.
