

DOG AGILITY TRACKS

Metal Art Limited
Street & Park Furniture

Above & below: Henderson, Auckland

Dog ownership is booming and councils are providing more dog parks so that canines and their owners can exercise and train in a controlled environment.

For dog agility equipment installed at public dog parks, the preferred material is recycled plastic—hygienic, easy to clean and long-lasting.

Park Island, Napier

Replas Dog Agility Tracks are laid out with a variety of aids and obstacles that test the cleverest canine. Flexible circuit options mean they can fit into any designated dog exercise area, and can be configured for dogs large and small.

Timaru Dog Park

A healthy and obedient dog is a good dog to be around. Replas Dog Agility Tracks help make that happen.
