

## METALLION LITTER

A choice of all-stainless steel construction or powder coated mild-steel bodies with aluminium tops and bases, and available in a diverse range of configurations and sizes for convenient litter disposal in indoor/outdoor public and business premises.

In addition to the popular top-opening bins, this range includes dual purpose ash and litter models are also available - compact convenience for cigarette butt disposal combined with a rubbish receptacle that fits unobtrusively into smoker zones. Non-standard sizes, ticket collection bins with slotted lids and side-opening models can also be supplied on request.
