

PURO

PURO: a classical sphere-shaped planter. Perfecting a naturally rounded shape found in nature, this design is often used in art, culture and architecture.

Constructed from weatherproof polypropylene, featuring a surface that is robust yet soft to the touch, PURO brings out the beauty in plants. A pleasure to behold from any angle.

LECHUZA's sub-irrigation system takes care of your plants for up to 12 weeks, ensuring that they receive the right amount of water and nutrients for optimum growth.

Available in 2 colours, Slate and White.

LOW VOC MATERIALS
