

DROP

Stylish in shape to reflect the natural fall of water particles, the Drop is a good choice for elevated foliage in your plantscape design. This large, freestanding planter can be supplied in the colour of your choice, or for your own finish it is available raw or with a primer coat.

Pair the Drop with our sub-irrigation options to save on maintenance and extend the life of your plants. Also available as the Redrop, in which the raindrop shape is turned upside down without compromising stability.

Model	Size h (mm)	Size ø (mm)	Grow Pot
