

MONKEY GRIP

Monkey Grip, a playful system of linking pots, enabling the user to create beautiful screens and columns of foliage. This planter's unique shape not only allows the formation of interesting displays, but also houses a water reservoir.

The Monkey Grip's unique joining system pays homage to the children's game, 'barrel of monkeys', adding a playful structure with colour and fun. Sub-irrigated.

Designed by Adam Cornish.

Model	Size l (mm)	Size w (mm)	Size h (mm)	Grow Pot
