

# TROUGH

The TROUGH planter is available in any size and colour to suit your needs. There's even a shape option. While the standard TROUGH has vertical sides, it can also be supplied with angled sides as a WEDGE TROUGH. The larger TALL TROUGH planters can include a sturdy sub-frame fitted with 50mm rubber braked wheels for ease of mobility.

All TROUGH planters are made from 1mm zinc-coated steel, and like the rest of the range have silicone-sealed joints and the option of rubber-spray waterproofing. Listed at right are some indicative sizes. The list at right represents just a sample of the sizes available.
