

90mm REPLAS BOLLARD

RECYCLED PLASTIC

The Replas 90mm square bollard is a solid piece of recycled plastic with a pyramid-shaped top. It is the ideal solution wherever a barrier is required to define boundaries, either to deter vehicles or create a visual signal.

90mm Replas bollards are available in a range of colours and may be routed to enhance their appearance. They are easy to install stand alone or linked via chain or pipe. Replas recycled plastic bollards will not split, rot or crack, and never need painting.
