

RETRACTABLE BOLLARD

Metal Art Limited
Street & Park Furniture

The Retractable Bollard provides convenience and flexibility wherever otherwise pedestrian-exclusive areas require occasional vehicle access.

Our standard Retractable Bollard stands one metre high when raised. Lowering is easy with a simple 90° twist using the folding handle, allowing the bollard to retract into its housing with the flat cap sitting flush with the ground surface.

The robust and sturdy Retractable Bollard is normally supplied with a hot dip galvanised finish. It can be powder coated to colour of choice if required.

Retractable Bollard, Lower Hutt Civic Centre
